WORLD ALLIANCE FOR
BREASTFEEDING ACTION

The World Alliance for Breastfeeding Action (WABA) is a global network of organisations and individuals who devote themselves to protect, promote and support breastfeeding. WABA acts to help implement the Innocenti Declaration and works in close liaison with UNICEF. World Breastfeeding Week (WBW) is organised by the WABA every year to raise awareness of the importance of breastfeeding and to coordinate efforts to meet the Innocenti Declaration goals. WBW is celebrated from 1-7 August every year in over 120 countries. WABA does not accept sponsorship of any kind from companies producing breastmilk substitutes, related equipment and complementary foods. WABA encourages all participants of WBW to respect and follow this ethical position.
