

## What Moms Say About NESTLÉ® GOOD START®

At Nestlé, there is nothing we enjoy more than hearing how our formulas make a difference for moms and their babies. Here are some of the wonderful stories we receive everyday.

### SEND US YOUR STORY!

Tell other moms how GOOD START formulas made a difference in your baby's nurturing and nutrition. Tell us your story [here](#).

"I'm a pediatrician and I didn't really understand how a baby could be so miserable if their formula was not compatible with them, until I had my own baby. I tried every type of milk product available. One of my friends suggested trying GOOD START SUPREME with COMFORT PROTEINS. I listened to her and it helped. I would gladly recommend your product in my practice."  
- Meriam Y., Winslow, AZ

"I wanted to write you to thank you for GOOD START SUPREME with COMFORT PROTEINS formula. My daughter has a 4-month-old son who has had health problems since birth. His problems were made worse by the fact that he couldn't tolerate most formulas. After I had my daughter try other products, someone suggested GOOD START SUPREME with COMFORT PROTEINS. She was doubtful but tried it anyway. She is a true believer of your product and possibly your best salesman. People have told her that all formulas are the same but we all know better now. My grandson is a much happier baby and can finally sleep for longer than a few minutes at a time. We don't know what COMFORT PROTEINS are, but we know they work. My daughter wanted me to tell you that she loves your product and is so happy that she found it. Because of your product she has a much happier baby."  
- Margie H., Scotch Grove, IA

"My baby boy is now 7 weeks old. Since birth he had been on eight different formulas before I suggested GOOD START SUPREME with COMFORT PROTEINS to my pediatrician. She said, 'You can try it, but I doubt it is much different than the others.' We tried it (you get to where you'll try anything!) and I am happy to say that it worked! For the first time in his little life, he acts like a 'happy' baby. This formula has been a godsend for our family. I just wanted to thank you."  
- Kristi B., Oklahoma City, OK

"My son was born 5 months ago. The hospital wanted me to use another brand of formula, but I brought my GOOD START SUPREME with COMFORT PROTEINS with me to the hospital and insisted they use it. I think it was the best choice I could have made for my son. He is the happiest baby there ever was. He slept for 4 hours straight the first night we brought him home and at 2 months started sleeping through the night. I give all the credit to GOOD START SUPREME with COMFORT PROTEINS. My advice for a new mother is that if you're not going to breastfeed, don't let the hospital force you to use their brand of formula unless it's the one you want your baby to have. Do some research on formulas and choose the one that you think is best for your baby."  
- Angela M., Hayward, WI

"My daughter is a new mother at age 35. She was having difficulty with breastfeeding and would soon return to work, so decided to use formula. The baby was very restless, and uncomfortable, and my daughter was becoming depressed. My niece, also a new mother, suggested GOOD START SUPREME with COMFORT PROTEINS. My daughter said the difference in the baby was like night and day. They are both much happier and the baby is thriving. Thank you for a wonderful product to make life easier for new mothers!"  
- Pat D., Chesterfield, VA

"I wanted to let you know how much my daughter likes your formula. I tried ALL of the other name brands and yours satisfies her the most. I also like the fact that when I make her bottle and shake the powder to dissolve it does not foam up like the other name brands. The price is right, too! Keep up the good work, Nestlé!"  
- Kim F., King of Prussia, PA

"I had to write to tell you that you have saved our lives! My 4-month-old son was waking up at least every 2 hours through the night. He was spitting up all the time. Our pediatrician suggested switching to other formulas, but that didn't work. A friend at work suggested GOOD START SUPREME with COMFORT PROTEINS, and my son is now sleeping through the night, happy as can be. I usually do not write letters like this, but there was such a drastic improvement in my son that I want to say THANK YOU!"  
- Joanna B., Duxbury, MA

### TELL OTHERS ABOUT GOOD START!

Thanks to the internet, you can let others know how Nestlé formulas helped your baby get off to a good start. Join [Amazon.com](#) and write a review about your favorite NESTLÉ® GOOD START® formula. The service is FREE, and you'll be helping other moms make informed product choices.
